To Whom it May Concern

My name is Jubal Samora Inmate #100620 I'm currently at Eddy County Detention Center and since I got here I've been treated very poorly. I've seen mentally ill inmates treated very poorly when I was trustee. In the Biggest unit here two inmates sat in their cells for more than a week without being tended to. I observed these inmates be left in their cells for weeks at a time with feces in their room. I spoke up and now I've been targeted and been treated different. I've been denied Medical attention. I've been denied my legal documents. I was not taken to Video Court for Albuquerque April 1st 2025 NO. T-4-DV-2024-002750 because the Staff here. I was segregated for a week without write ups. The staff has constantly put me in difficult situations after I notified staff several times the Captain and Warden has been Notified. My mail and phone have been messed with constant. I asked to be transferred to Artesia Holding because of these issues and received not even a bit of information about it. They have harassed me around Rapist and inmates I shouldn't be around. It has caused a lot of tension for me here. I receive a Kosher Diet due to the fact I'm muslim and now my food is being sent to me poorly. They give me sweeteners with Saccarin they feed me mainly cold cereal and bread in morning. When I point out my meal is not right I'm told that there's nothing they can do. Please help me. My mother is no longer alive and my dad passed this year also. Because I don't have outside support so the staff has taken advantage of the situation. I would like to talk to someone. Case # 2:25-cv-00386 and Case # 2:25-cv-00590 Document #1 Filed: 06/23/2025

I submitted this to staff they copied it for me proof Date and all

April 23RD 2025.

Im very positive the staff here has a problem with m
Inmates over heard them bragging about the fact they want
put me in difficult sitinations in order to attempt to get
in a fight. Ive been targeted and singled out for weeks
have delt with this type of behavior from the very st
that is supposed to keep me safe. I ask you this
one question. How do I cope with the death of m
family Members and feel safe as well being severe PT
and other issues such as insomnia, Anxiety, ASD, ADHI
and possible Bi Polar depression aswell. All these issue h
been documented by Corrections as well as my ceuce
actually years ago when I was on Parole. Here at this
Jail Eddy County Detention Center Ive been Ignor
medically for a whole month. I requested aid for
medical issues such as lumps on my right Bicep
as well as other stuff. All have been ignored. To b
completely honest I want to request a heartship
to Artesia Holding. I feel that Im in a dange
situation here at eddy County Pentention Center if
the very staff assigned to keep me safe are
the very people who wish to Pair me with peop
and place me in situations consisently that set me
up for harm or failure. Im smart enough to
understand exactly whats going on. I wish to b
treated equal and fairly as everyone else. I am
very aware of the fact that some things are
privaledge and others I still have rights. Innoce
untill proven guilty. Since being in this county Ive
been denied Court Documents. I was not taker
or pulled for Court on April 1st but my cellma
was which make no sense or proves that the
intentions of staff are wrong. I will say not
all staff have treated me poorly. But even staff
that treat me fair are being bothered I feel
for doing their Job the right way. My program
acceptance letter was given to me after court
which could have helped me in court to get
released. So what solid evidence do I have to

April 23 2025

believe other wise. I know for a complete fact the staff here have ill intentions towards me. I'm sure. The fact my parents are dead and my sib are too busy or unaware of my condition here gives staff the impression that its ok. Its not. Now Im at a point where I feel I have very few options. 1 request isolation like Im currently in for the sake of Self Protection which is completely wrong. 2 request to be sent or taken as soon as possible to Artesia Holding simply on the grounds that I have only two cases holding me here misdemeanors which both carry less time than the 2 year Commitment, Im going to do at Delancey Street Foundation. I have acceptance letter on person all time. Again I would like to remind you Im intelligent enough to understand whats going on. I ask that you please help me get here to Artesia so Im able to settle my Affairs and go about my business. If you were to look up my department of Corrections file you will learn that I have never been a trouble maker or a difficult man. Im respectful and I do my time. Four write ups out of all the time I have done and all prisons or facilities I have been to. This is complete nonsense to be dealing with death of a Dad and grandmother, the fact my home was burn to the ground and my demolition Permit is up in June. With the fact that staff here have consistently put me in very stressful and dangerous situations Ive kept my cool for the most part but Im human as well and have violent tendencies Im tired I want to be sent to Artesia holding where Im in a safer situation please soon as possible. Thank you for your time and consideration Respectfully Ubal Dejon Samora
